

Editor's Welcome

Dear All

Do you remember your parents or teachers telling you "If at first you don't succeed try, try again"? Well, it wasn't only all the good boys and girls who were told it – the bad lads were told it too! Since the last bulletin there have been a number of attempted thefts, fruitless break-ins and messy burglars who have gone home empty-handed.

On one hand this is good – they are being disturbed, thwarted by better security and deterred by property being marked. On the other hand, it is bad news because wanna-be criminals can be just as persistent with their attempts to achieve what they want as you and I can with our more legitimate endeavours. Unfortunately, the occasional failures will not make them give up crime.

So don't give them the chance of success at your yard or farm. Keep on marking your property, especially all those bargains you've brought in the January sales. Double chain and lock your gates, put large logs or rarely used farm machinery across isolated gateways to make access, or should I say "escape" easier. Consider lining the inside of old wooden/garden sheds with a roll of wire mesh to thwart any efforts to remove planks or windows. It may be a morning's work but then so is clearing up after a visit from thieves, reporting the crime to the police and your insurance company and going out to buy replacements!

Two missing ponies in the New Forest area

At this time these ponies are recorded as missing not stolen. Mr. David Niven has lost two ponies from a field at the back of MacDonald's leading up to Shelly Lane (this is the Ower area – not far from the roundabout). They were in with several others and had only been placed in the field relatively recently – he doesn't think they have been stolen as they are not broken and would be difficult to catch – he thinks they may have wandered off.

The two ponies are both dark roan with black mane and tail, no white markings. They are branded SS – near side saddle mark – they are two geldings aged 4 and 5 – roughly 13'2 to 13'3. Should anyone find them please either ring Mr Niven on 07729 490004. Police and relevant agencies within the New Forest area are aware that the ponies are "at large".

[THAMES VALLEY COMMUNITY MESSAGING - Milton Keynes - D 02/01]

This is a Ringmaster message from the Milton Keynes Watch office on 3 February. This message has been received from Bedfordshire Police.

A Burglary took place in Steppingley, Bedfordshire, between 3:30 in the afternoon, on the 1st, and 4:00 in the afternoon, on 2 February.

Offenders entered the rear garden, approached two stable blocks, and moved a tractor which is parked outside the door of one of the stables. They are believed to have pushed it. Offenders then cut the padlocks from the door. Offenders then removed several large items of garden equipment. The other stable block was also broken into, but it does not appear anything has been taken. Due to the weight, and size of the equipment, a vehicle would have been used.

Outbuildings, sheds and garages can be especially, vulnerable to criminals, and are often not the best place to store high value items.

Always lock shed and garages, and help keep sheds secure with a good quality padlock and hasp.

If possible anchor down items, like bikes and lawn mowers.

Consider an alarm and make sure your security lighting is covering your shed and garage.

Thank you

Helen Sharratt

Bedfordshire Rural Crime and Arson Conference

On the behalf of Bedfordshire Police and Bedfordshire and Luton Fire and Rescue Service, I am writing to invite you to the above event on Thursday 5 February at Redborne Upper School in Ampthill. Doors open at 7pm and the first speaker is due to start at 7.30pm. Light buffet refreshments will be served.

The Bedfordshire Rural Crime and Arson Conference is taking place to launch a revised information pack jointly developed by Bedfordshire Police and Bedfordshire and Luton Fire and Rescue Service and is aimed at farms and rural businesses.

The pack contains updated information on protecting your business or premises from criminal activity, including arson. Arson Prevention Bureau figures show that every year 1,600 farm buildings and 85,000 areas of grassland are destroyed by fire. A frightening statistic is that up to 80% of businesses never fully recover from a serious fire.

The provisional speakers are as follows:

Chief Supt Street - Bedfordshire Police

Group Commander Willoughby - Bedfordshire and Luton Fire and Rescue Service

Mr Len Allen - Bedfordshire and Luton Fire and Rescue Service

Mr Les Geary - NFU Bedford

Bedfordshire and Luton Fire and Rescue Service have asked me to draw your attention to the Fire Safety Order 2005 that came into effect on 1 October 2006. Are you aware of this legislation? If the answer is no, and you have not recently completed a fire risk assessment and undertaken a review of the fire safety measures within your premises, then you may be in breach of the above law.

To help small businesses and farms comply with the above legislation, the Fire Safety Technical Officer for Bedfordshire and Luton Fire and Rescue Service will be speaking on the Fire Safety Order 2005 at the Conference.

Places are limited and demand for the free places is likely to be high so book early. For refreshment purposes, bookings must be received no later than 30th January 2009.

Please respond by Friday 30th January 2009 to Thomas Warner, Arson Task Force Officer by telephone 01234 351081 ext : 5524 or email: thomas.warner@bedsfire.com.

Note from Editor

We are sorry to learn that Sarah Ward is leaving Gloucestershire Constabulary in a few weeks to go home to North Yorkshire. I would like to take this opportunity on behalf of the UK Horsewatch Alliance to thank Sarah for her dedicated participation in Horsewatch business, including her regular contributions to this bulletin. On a happy note, she is transferring to the North York's Police so we hope to hear from her again once she has settled in!

In the meantime, I am very pleased to welcome Melanie Campbell, who is taking over from Sarah as lead PC for Gloucestershire Horsewatch. For the purpose of Horsewatch matters only (nothing more sinister!), the county has now been split into 6 areas with 2 PCs in charge of each area:

Farm Watch 20 01 09

Verwood Neighbourhood Watch continually try to source equipment aimed at preventing the theft of oil from fuel tanks. Their resident electrician and alarms expert has sourced this product as an option to consider, not a recommendation. You may wish to visit this web site. If you experience any problems go to the CPC.farnell web site and search for product code SR07205. The cost is about £100 plus fitting.

Verwood Neighbourhood Watch will be buying in this item to test it together with the flood light with audible alarm and I will feed back their comments in due course.

- 4 bales of hay stolen were from an open barn in Gussage St Michael 14-18 Jan.
- Burglary to a farm building took place 13/18 Jan Winterborne Zelston. A window was found open on Sunday night. A tidy search had been made, aggrieved not sure what, if anything, was stolen.
- Dorchester Road, Lytchett Minster burglary taken place at farm outbuildings. This was the third offence for this victim. 2 padlocks forced. Cannot see if anything has been stolen. Incident discovered 18 Jan.
- A burglary to a farm office in Kimmeridge was discovered morning 20 January. Bolt croppers were found nearby so I assume entry was via the door. A lap top computer, mobile phone and other items were stolen.

Farm Watch Blandford and East Dorset 2 Feb 09

I have two reports of an attempted burglary to agricultural type premises in the Sturminster Marshall area of Blandford.

- Dorchester Road Sturminster Marshall an attempted break, evening of 1 Feb. A neighbour who saw 2 males wearing hoodies witnessed this. The name of a potential offender has been put forward and enquiries are ongoing.
- There was also an attempted burglary to a vehicle outside a warehouse in Poole Road Sturminster Marshall 22/29 Jan.. 3 offenders attempted to steal clothing from the rear of an insecure van and when disturbed left in a silver Mondeo.
- A two wheeled tipper trailer has been stolen from an insecure barn in Blandford St Mary 27/28 Jan
- Cranborne East Blagdon padlocks were cut to two workshops but nothing appears stolen 29/30 Jan.
- East Dorset Farms. You recall I have mentioned in the past a small red vehicle, possibly "K" registered as being disturbed around farms. Please pay keen observations for red Peugeot 307 K893 WFX. Whilst we continue to try to eliminate this vehicle from our enquiries if you see this vehicle anywhere near your farm please contact 01202 222222, ask for call handling, and report the sighting.
- A report from Cranborne of occupants of a Blue Landrover C954 BHA on a farm acting suspiciously. Another person also reported this vehicle, they are suspected of poaching.
- Report from Poole Road Lytchett Matravers of a farm outbuilding broken into overnight 1/2 Feb stealing scrap metal from within.

Horse Watch East Dorset 2 Feb 09

2 cars have been broken into parked at yards in St Leonards 30 Jan mid afternoon.

Handbags were stolen from both vehicles together with the business/employer keys and other valuable items. This does happen periodically and therefore please consider leaving your bags at home when going to the yard. One bag was under the car seat the other was in the boot so an attempt was made by the owners to conceal them.

Regards
Anita Rigler
