## **Editorial Comment**

### **URGENT appeal for help by SWAP (South West Animal Protection)**

On 5 December over 100 Welsh Mountain ponies ranging from this year's foals to 2 year olds were auctioned at Conway, N Wales. 67 of the ponies were not sold and originally an agreement was made by the breeder to sell them at £3 each to the meatman. They were to be collected on Monday 7 December. The Meatman didn't turn up and we have a short window of opportunity to get these ponies into homes or into sanctuaries. There are currently 30 who have not got anywhere to go and the farmer has extended the time we have to place them to 19 December. The ponies are unhandled.

The ponies are subject to a deposition order and have to be microchipped for passporting at a cost of £15.00 each before we can move them. What we need is homes or placements (even if this is temporary) for the ponies, help with transport and funds to cover the microchipping, gelding and passporting.

If you can help please call 07960 230548 Bernadette Langfield at Shy Lowen Horse and Pony Sanctuary [www.shylowen.com](http://www.shylowen.com). If you'd like to make an online donation towards this rescue please do so on this link <http://www.justgiving.com/shylowen/Donate>

**Crime prevention advice from Sussex Horsewatch**

**Machinery, tools and plant equipment**

If possible, secure or immobilise vehicles or pieces of equipment when they are not in use. Again, if practical, try to move machinery from fields, especially if it is near a road. Always keep tools, etc, locked away out of sight.

To help identify your property:

- Use engravers to mark vehicles and equipment with your postcode, followed by the first two letters of your farm's name.
- Keep a record of serial, chassis and model numbers.

**Livestock**

Animals can be an easy target for thieves. Regularly check the fields where your animals are grazing.

Keep your hedges, fences and gates in good repair. Field gate hinges should have capping hinges so they can't be removed easily. Cattle grids should be removable and locked out of position when they are not in use. Use locking posts to obstruct large openings to yards, etc.

Horses can be microchipped or freezemarked. Saddles can be marked by your local force or Sussex Horse Watch. [www.sussexhorsewatch.webs.com](http://www.sussexhorsewatch.webs.com)

**Consider installing CCTV.**

If livestock is stolen it is important for you to be able to give the police an accurate description. Ear tags and horn brands help police to identify stock. Freeze branding, hot branding or tattooing your postcode will also help. Always take photographs of especially valuable animals.

**Hampshire Horsewatch Bulletin**  
*(incorporating information from around the country)*

**18<sup>th</sup> December 2009**

**Farmhouses**

Farmhouses can be targeted by burglars because they are often large and in isolated areas. Fit British Standard deadlocks to all outside doors and always use them. These can also be reinforced with bolts. The main door should have a security chain and wide-angle door viewer, so you can see who is on the other side. Consider installing a burglar alarm. Fit window locks on all ground floor windows.

Keep shotguns and firearms in a securely locked place. Always store ammunition separately. If you have to keep cash or jewellery in the house, put it in a quality safe. Keep a record of all valuable possessions. Whenever possible, use a security marking device to mark them with your postcode followed by the first two letters of your farm's name. Take photos of valuable items next to a ruler (to indicate scale).

Never show opportunist burglars you are not there by leaving notes for traders, etc. When you are away ask a neighbour to keep an eye on the property.

**Outbuildings**

Store any valuable equipment and tools in a secure building with a well built, locked door. Use British Standard locks, good quality locking bars and high security padlocks. Windows can be protected with metal bars. Always lock outbuildings when they are not in use.

A worthwhile investment is fitting outside security lights controlled by an automatic timeswitch or infra-red beams. Again, consider installing CCTV.

**Insurance**

Make sure your insurance cover is adequate. Check with your insurance company that you are fully covered for vehicles, equipment and livestock, etc, as well as for the contents of buildings.

For further information and advice you can talk to your local Crime Prevention Officer by calling 0845 60 70 99.

**If a crime is currently in progress always call 999.**

**A scam foiled!!!**

Thankfully I read HHW this morning! Don't know if you need to know of more of these calls but I had a phone call from the police press office allegedly just now from a gentleman called Kevin Richardson who said he was calling all local businesses as they were compiling a magazine that they would be circulating free of charge to all businesses .. he didn't get much further as I asked him to speed up with what he was saying if he wouldn't mind (he sounded like he was reading from a very long winded script with too many long meaningful pauses in it!) and he slammed down the phone. I am guessing what was about to follow was if I made some hefty donation. Apologies if this was a genuine call but I am guessing possibly not. I guess they have moved on from Physio's to livery yards!

**[THAMES VALLEY COMMUNITY MESSAGING - Aylesbury Vale - A 12/010]**

This is a message to all Horsewatch members from Aylesbury Watch Office on Thursday 10 December.

Thames Valley Police has recovered 19 stolen horse saddles following a warrant carried out in High Wycombe.

The warrant was executed on Sunday (6/12) at a property on Hammersley Lane, Penn at 9.30am, where officers recovered 19 stolen horse saddles, which have a total value around £20,000.

Eighteen of the 19 saddles have been identified and have been returned to the owners, thanks to security marking on the saddles carried out by Hertfordshire police.

PC John Newton, investigating, said: "This proves how invaluable security marking is as it enables officers to return any recovered property to the rightful owners. I am pleased we have been able to recover this stolen property and return it to its owners and now investigations are continuing to identify the offenders."

The stolen property relates to a burglary, which took place at Newhouse Farm, Farm Road, Chorleywood overnight between 18 and 19 November.

No arrests have been made at this time and enquiries continuing to identify the offenders.

Anyone with any information regarding the burglary is urged to contact PC Newton at Amersham police station via the 24-hour Police Enquiry Centre on 0845 8 505 505. If you do not want to talk to the police, call the Crimestoppers charity anonymously on 0800 555 111.

**Good advice**

With the arrival of the frosty mornings please do not start your vehicles and leave them unattended to warm up. It only takes a few moments to steal a car and there are opportunist thieves out and about even in the rural area. To make matters worse if your car was stolen your insurance company are very unlikely to cover you for the theft! That's enough to ruin anybody's Christmas.

**Farm Watch update 10 12 09**

Another quad bike has been stolen unfortunately. This time from an isolated container used as a storage shed in Warmwell in Dorchester. Tools and a Quad bike were stolen.

A recent farm watch victim close to this area did say he saw some suspicious males in a blue VW Golf L356 YDL. Made excuses when approached.

This vehicle was stop checked by officers on the Holton Heath Ind Est last night. No offences as unfortunately nothing was in the vehicle which could have led to an arrest but this vehicle does need keen observations please. It is a vehicle we would like to eliminate from our enquiries with regard to the theft of diesel. This vehicle lives in the centre of your patch so you will all need to be aware. He is certainly travelling at the moment!

Gussage St Michael reported suspicious male in a white Corsa Van this afternoon who drove slowly past the farm workshop 4 times late this afternoon. When approached left very quickly. No vehicle details unfortunately.

A farm in Mosterton today reported a bridle way gate stolen believed by males in a white Transit van. One male heavily tattooed. No registration number unfortunately. However the male in the white transit wanted in connection with the theft of quad bikes in previous message (S373) was also heavily tattooed. Bearing in mind recent thefts I am wondering if connected or not.

A garage door was forced afternoon of 7 Dec in the Farrington area of Blandford. Fishing tackle has been stolen.

Now I have read somewhere, and it may not be connected to the same break, that a warrant was carried out on the home address of a local male in Blandford very recently and fishing tackle was recovered. I cannot see that the male has been arrested at this stage. He may have been, I just cannot see the information.

I hope it is a good result and belongs to the above.

**Farm Watch 14 Dec 09**

Those of you, especially around Wimborne, will be familiar with Peugeot M227 XBP involved in poaching and rural crime. He lost his vehicle following a routine stop check this morning because it appeared unsafe. I believe the feeling is that the vehicle is unlikely to be considered roadworthy enough to be given back to him but who knows.

This means he will be getting another vehicle in the near future therefore it is important that we identify what this will be at the earliest opportunity so make sure your calls come in please.

**Suspicious Vehicle and Person**

**Date prior to 15 December 2009**

In the areas surrounding Ilminster, Somerset there have been three reports over the last couple of days of a suspicious visitor to farms, one in Donyatt and two in Winsham.

The logs describe an Irish male, who tries to disguise his accent, about 50 years of a heavy build and clean cut. He is offering for sale generators, pressure washers, power tools and chain saws. He is driving a silver grey 4x4 or people carrier (could be a Ford Galazy or Ssangyong) with an Irish number plate similar to 07C913.

While visiting the locations he has been to he is described as eyeing up premises.

**HORSE WATCH ALERT FROM THE OUTLANE, HUDDERSFIELD AREA**

Several horse owners in the area have seen over the last week a car parked up watching them. Driver may have had dark hair and was white. The car was a black VW Golf GTi with a roof rack on. Believed the reg was starting with OU02. The car was seen following 2 riders whilst on a hack and although nothing appears to have been stolen, late night checks at the yard, find that yard lights that have been off are on and last night the shavings store door was open when it had shut that evening.

**18<sup>th</sup> December 2009**

**BURGLARY AT LIVERY STABLES - BRIGHOUSE**

The livery has several stables each one occupied. The farm is surrounded by several large fields and backs onto a Golf Club. Between the hours of 8pm on 15 November 2009 and 07:00hrs on 16 November entry is gained to the stables via the Golf Club. It appears that a vehicle possibly a transit van has entered the golf club via an insecure gate and driven across several driving ranges and two large paddocks knocking down several wooden gates in order to gain access to the livery. Once at the courtyard area suspects have approached the main warehouse which is sectioned out into two smaller rooms and a training paddock. The two rooms consist of a Tack room containing numerous saddles and horse rugs and the second room being a feed room. Both rooms have an MDF roof and on top of the roof is a Hay loft which is accessed by a ladder. There is 1 door to the warehouse which is alarmed and both interior rooms have alarm sensors on them. Suspects have gained entry by knocking down the exterior wall using a sledge hammer. Once inside the warehouse suspects have climbed up onto the hay loft and removed a section of the roof. They have then climbed down into the tack room and used a saw (possibly a Stihl saw) to cut across the bottom half of the door.

**They have then removed 20 x saddles and 15 rugs**

**STOLEN TRAILER**

Ifor Williams Trailer stolen from Hopton Horse centre, Mirfield 12/11/09 between 1930 - 2020 hours. Completely black, including roof. IFOR Williams trailer with orange postcode written on the roof M41 9WL. It has long rectangle slider tinted windows to the front on both sides. Sponsored by MEC written on the side and 'Supplied by Trojan Trailers' on the rear. The jockey wheel is possibly damaged as well.

**STABLE BURGLARY**

A burglary other occurred at Lower Hall Farm, Lower Hall Lane, Liversedge between 26/11/09 & 27/11/09. The 5 outbuildings were forced gaining access to the horses and expensive saddle equipment. None of these items were removed but it is clear whoever entered came prepared as all locks removed with some sort of bolt croppers. Only item taken was a £10 torch.

**HORSES MANES AND TAILS BEING CUT OFF**

Police have had reports of horses tails being cut off. This has occurred in the Bradford and Kirklees areas. Tails have been cut off right up to the dock. Thankfully none of the horses were hurt.

Some weeks ago we had reports of manes also being plaited. There is no evidence in West Yorkshire to support the theory that this is to mark the horses so they are easy to steal. However, there have been reports from around the country of horses manes being plaited to mark them to steal in the dark and possibility that horse tails are being cut to use on hand made rocking horses or to use in wigs. Some companies advertise bespoke made items with real horsehair. And wigs and barristers wigs are still made using horse hair. Again, no evidence but it is a possibility and an easy way for someone to make some money.

**Message**

Dear All

Please find attached a number of incidents which have occurred over recent weeks in West Yorkshire plus the theft of a very beautiful horse from The Netherlands - see above

As always, this is not the full list of incidents, but it is the only information that has made its way to me.

My sincere apologies for my lack of communication on behalf of West Yorkshire Police Horsewatch. I am currently working on Operation Northdale which is the Christmas alcohol related rape and sexual assault campaign. This is taking up all my time and my week-ends given the tight deadlines.

As ever - we must reiterate to our members and all horse owners - Be vigilant and keep your horses and your tack safe. You will note from one of the crimes - some people will go to any lengths to steal what they want. We need to make it harder for them where we can.

Again, my apologies for lack of contact

As some of you may be aware we are now in the middle of the illegal Hare Coursing season.

Please be on the look out whilst you are out riding for groups of males with lurcher or greyhound type dogs.

These males usually turn up on farmland in 4x4 cars and vans, they will walk across farmers fields in search of hares, then release the dogs to kill the hares.

Please do not approach or confront these people but telephone Cambridgeshire Constabulary on 0345 4564564 if you see them gathering or 999 if you see them out on land.

**RW SA Incidents at farms in Roneys Lane, Alvecote & Alcester Road, Beoley INC 143 of 27 November**

Please be aware of the following incidents which have occurred at farms in South Warwickshire over recent days.

At around 11.45am on 27 November the resident of a farm premises in Roneys Lane, Alvecote was alerted by his dog barking that two males were hitching up his trailer to a Nissan Primera.

The resident went out to confront them and as he did so the trailer hit him and caused him to fall to the ground. The offenders then managed to make off with the galvanised steel 3.5 tonne flatbed trailer.

It was later discovered that the offenders had tampered with the electric gates to the premises.

At just after 8.30pm on 1 December offenders smashed the kitchen window of a farm premises in Alcester Road, Beoley and entered the house. The offenders then conducted an untidy search before locating the log book and keys to an Audi TT along with a gold and platinum watch, a divers watch, a passport, and a quantity of Euros.

The vehicle was not taken. The offenders were then disturbed by a neighbour and made off after telling the witness that he had a gun although no weapon was seen.

The males made off over fields and were chased by a dog towards Gorcott Hill where they got into a dark green Rover Saloon vehicle with a part registration of GJ03 and headed on M43 towards Birmingham.

The offenders are described as 3 black males.

Please remain alert, on the lookout for suspicious persons or activity on or around your premises or land and please report anything that you consider to be out of the ordinary or of concern to police. Thankyou.

Rural Watch Message 1/12/2009

Dear all, I have searched the force systems to find any rural crime for you. There have been a couple of tack rooms broken into near to Droitwich and a few others force wide. However nationally I have to tell you that saddlery theft is on the increase with some very heavy property losses at some yards which run into thousands of pounds.

Some tack has been recovered but an owner cannot be traced as it isn't post coded or marked in any way which is really sad. If we are unable to identify it we have no option but to hand it back to the criminal as we cannot prove they have stolen it. So please consider tack marking.

There have been some trailer thefts but nothing like the numbers recorded earlier in the year. Copper wiring is in demand and so is scrap metal. There have been no new reported cases of tractor thefts. Farm gates both wooden and metal have been reported as stolen.

There was a report of an old pony being stolen from The Lenches, near Evesham. This pony has been found nearby and was rescued from a ditch by the Fire Service.

We are still having reports of manes being plaited as a precursor to identifying horses for theft. These incidents have not been confirmed and there is now some evidence to suggest this is a hoax. I also have to let you know that the email I circulated a few weeks ago about the pony being abandoned at the port in Hollyhead has also been confirmed as a hoax. I did make some checks at the time and felt the information to be genuine but I was wrong. In future I will make enquiries directly with the force concerned. My apologies.

With best wishes, Gail.

On the morning of 3/12/09 outbuildings in the Upper Aston area of Claverley were broken into and tools and tack stolen. Amongst the stolen tack items: Chifney bit & headpiece; two headcollars & ropes; grey weather beater horse rug; maroon Thermatic rug with green lining and "Cheezie" embroidered on it; New Zealand style bright blue rug; blue Chill Cheater stable rug; purple NZ rug and a fudge coloured NZ rug. Rural Watch Message 10/12/09

Two more FENDT tractors were stolen from the Pershore area in the last few days. The tractors are nearly new and valued at approximately £150 000. It appears that one tractor was used to tow away the other on a trailer and then both tractors were re loaded onto another trailer somewhere between Hinton on the Green and Elmley Castle.

If you have any information concerning this theft please call 0300 333 3000 referring to incident 89-S-071209 or ring Crimestoppers confidentially on 0800 555 111.

There have been a few reported tack thefts in and around the area. It is also the time of year when chicken and ducks thefts increase; there were two reported incidents in Evesham this week.

Traditionally this is the time of year when we see an increase in theft from vehicles, mainly due to presents bought for Christmas which are left on show inside the car. Please don't leave valuables in vehicles unless absolutely necessary and if you do have to do this keep them out of sight.

**New 'horse watch' scheme set up**

**A "horse-watch" scheme has been set up by police in Shropshire to help owners protect their animals and equipment.**

Anyone who owns a horse in the county is being urged to sign up to the project, being run by West Mercia Police. Owners are encouraged to get their animals microchipped, and find ways to help keep their horses and ponies, and equipment, safe.

They are also warned about recent thefts and other incidents in the area.

Hello Anne,

We have been contacted today by Charlotte White of Horse and Hound, enquiring about the second group calling themselves Shropshire Horse Watch. The Shropshire Horse Watch is part of the UK Horse Watch Alliance, of all the people who went to the Shrewsbury meeting all are under the illusion that they have joined Shropshire Horse Watch but have infact joined the West Mercia ringmaster system, rural/horse watch, this mistake does need

[NORTHAMPTONSHIRE COMMUNITY MESSAGING - Northampton North - NB-CMS-0532-2009 - Tax Rebate Scam 04/12]

Good Morning, this is a message from the Northamptonshire North Police Community Safety Unit.

\* Crooks target council tax payers with bogus rebates \*

A telephone scam that targets council tax payers, falsely claiming they have won a council tax rebate, is today exposed by the Valuation Office Agency.

Many households across the country have received calls from crooks claiming to be VOA or council officials who tell their victims that they are eligible for thousands of pounds in council tax rebate.

The 'lucky' people are asked to send the caller their credit card or bank account details so the money can be refunded. Other scams ask for a one-off administration fee to process the refund.

VOA Director of Council Tax, Tim Eden, said:

"This is outrageous and targets vulnerable people with false promises.

People must not pay any attention to these crooks and should report such calls to the police. Some of the callers are very aggressive and intimidating to make people pay up, but people should not be fooled into thinking these calls are legitimate. The VOA does not ask people for financial details.

"If people have questions about their council tax band, they should go to our website, [www.voa.gov.uk](http://www.voa.gov.uk), where they can get information on how bands are determined and what to do if they disagree with their banding."
