

## Editorial Comment

Happy Easter to you all.

Horsewatch schemes have developed to help and advise horse owners about crime prevention but prevention goes beyond matters concerning crime. In the last two weeks in different parts of the country there have been two incidents where stables have caught fire. The result has been death of horses and serious fire damage to other property. In both cases an electrical fault appears to be the cause.

In the current economic climate the last thing many people want is extra expense. However, for peace of mind it would seem sensible for those of you who have old premises and, perhaps electrical wiring to match, to have it professionally examined. As always, once an occurrence has happened it is often too late to rectify the cause.

Apart from a qualified electrician to examine the wiring, consider contacting your Fire and Rescue Service and invite them to inspect your premises. Their advice may save lives and property.

The website below was forwarded by Sussex Horsewatch and should be read by all who want to download a risk assessment from the Government for stables and animal premises. The file is too large to attach, so you will have to visit the site to get a copy if you wish. It is free to download.

A burglary took place at stables in Wilstead, on Monday the 22 March, between 09:10 and 21:25.

The 3 offenders were disturbed at the stables, and started to run towards fields carrying 6 saddles.

Whilst being chased the offenders dropped the stolen property and made off. All 3 offenders were wearing balaclavas. All of the stolen property has been recovered.

Bedfordshire Police ask rural businesses, and owners of livestock to be vigilant.

**Farm Watch update 25 March 2010**

**Scam details**

A farm in Shipton Gorge in Bridport has received a telephone call from a male purporting to be from the Council saying he was in credit (past similar reports have said for his council tax) and asking for his bank details in order to pay in the credit.

I believe this is part of a scam which has also been reported by many home watch members throughout West Dorset and North Dorset for that council area.

Please be very aware. It has been going on for some time now.

**And now for some crime information**

- Anderson a 2-wheel 8 x 4 Wessex trailers well secured to another was stolen from a driveway this afternoon.
- A member in Friar Waddon Weymouth reported 4 suspicious males in a silver or blue Fiesta/Saxo type vehicle who drove onto the farm yesterday afternoon part registration Y92 FC?. We can find no local matches. For observations.

**Hampshire Horsewatch Bulletin**

- Theft of scrap metal by 3 males in a white Transit BN02 HHG yesterday morning Childhay Beaminster. This is a Devon registered vehicle. Incident 177 dated 24 March refers. I believe they stole a pig feeding machine from outside a barn.

- Chelbourne Dorchester break to workshop, rear window smashed. Not sure what stolen yet although chain saws and strimmers are missing discovered 24 March.

**Farm Watch Update 24 March 2010**

- Tarrant Hinton afternoon of 18 March believe farm buildings were entered but it is not believed anything was stolen. Tyre tracks indicated that a small wheel base vehicle similar to a Fourtrack or Suzuki jeep type vehicle may have been at the scene. Corrugated iron had been peeled back but not enough for entry to be gained. Building contains diesel and tools.
- May or may not be connected but a theft of a trailer from a field in Newtown Lane Corfe Mullen was reported on 20 March about 1730 hrs. A neighbour believed he saw the trailer being towed by a dark red (maroon) 4 x 4 but no details as to possible make or model. It sounds like it was an old trailer used to carry hay around the field.
- Cranborne 3 rolls wire netting discovered stolen this morning. 4 x 4 tyre tracks at scene.
- Break to agricultural outbuildings in Ashley Heath, Horton Road. The building appeared secure and no alarm activated but tools are missing from within. Discovered on 19th but could have occurred anytime over the previous month.
- Milton Road Milborne St Andrew 2 inflatable motor boats on trailers stolen from a farm yard one believed taken evening of 19th the other evening of 20th. Both trailers have wheel clamps.
- Milton Abbas guinea fowl stolen from secure pen 10/20 March.
- Theft from barn in Piddlehinton discovered 19 March. Chainsaw and portable power hose stolen. It is possible that a walk in theft occurred day time of 16th when the barn was insecure.
- Outbuildings broken into in Hooke Beaminster 21/22. Padlock cropped to stable block although it does not appear that anything has been stolen.
- Yetminster Sherborne theft from barn. Most odd. Wheelie bin and lead rope stolen from livery yard! Lead rope unclipped from head collar. There have been other thefts from farms in this area

**Rural Watch Message 22/03/2010**

Please look out for an abandoned Red Landrover N983 NTC which was stolen overnight from Aston Somerville, Broadway. The registration may be changed but it is distinctive as it only has one foot step which is on the passenger side. If you know of its whereabouts or see it being driven please call 0300 333 3000 quoting incident number 65-S-220310.

Any 4x4 vehicle is at risk of being stolen so please don't leave them with keys on the side of the road or in your yard. There has been a recent increase in theft of Daihatsu Fourtraks and IZUSU Troopers. If you know any information concerning this I am happy to visit you to discuss or you can ring Crimestoppers confidentially on 0800 555 111.

There have also been diesel thefts from commercial and smaller residential premises. I know it's difficult to lock everything up but if you make life slightly harder for the thieves they will give in and move on somewhere else.

**Rural Watch Message 31/03/2010**

Dear all, please be aware of a couple of suspicious vehicles in our area. The first has been seen locally in and around Broadway and could be linked to thefts of scrap. The occupants are cheeky and will enter your premises uninvited. It is a red dropside van index N719 HVL.

The other one is a white Mercedes index P579 RGB. This one was seen taking an interest in a quad bike which was re fuelling at a local garage. The occupants of the van then followed the quad home.

**Some good news stories.**

Police attended a farm in Pensham, nr Pershore. They found two stolen tractors, one from Wick Rissington and the other from Quenington, nr Cirencester. It appears the tractors were being stored on a farm prior to being taken out of the country. Thanks to the person who reported it to us 2 males were arrested at the scene and two tractors have been recovered. The vehicles were just about to be loaded up and taken out of the country.

A 32 year old male from Taunton has been arrested in connection with a burglary near to Bourton on the Water where a quad bike, a trailer and a Volvo had been stolen.

In Presteigne a search of premises revealed a stolen Manitou loader, a McCormick tractor, a Landrover Defender and a Case Tractor. Again this was due to information received from an informant.

Please continue to help us to deal positively with rural crime. Phone us or call Crimestoppers anonymously if you have any information. Always let me know of anything suspicious so that I can make you neighbours aware.
