## Information & Advice

### Notifying the Police

If you are the victim of a crime, no matter how small please report the incident to the police. Your crime may be linked, connected to similar crimes and unless you report the incident, no-one else will be aware of it. This is particularly true where crimes are committed close to county borders. When you report an incident ask the police if similar crimes have occurred in your area and will they speak to neighbouring Forces to find out what is happening in their areas. Always ask the police for a reference number, which may also be the crime reference number.

### Scam warning - Equine waste

#### Kindly brought to our attention by: Wiltshire Police

Be aware of a company offering an "Equine waste recycling service"! They offer to supply skips and empty them for 12 months for very little money!! One victim explained - "I took up the offer for 2 skips at a cost of £840 incl. VAT. These skips have never arrived.... I have asked for a full refund but not received it". Wiltshire Police are dealing. People in five counties, Wilts, Berks, Hants, Somerset and Dorset have all been scammed to date. **If it sounds too good to be true, it probably is!**

---

**Don't get caught out. Remember Horsewatch is about prevention.....if the message below can stop you getting a fine or worse then so much the better.**

The following message comes from Bedfordshire Police.

There are many motorists who blatantly misrepresent the number plates of the vehicles. The campaign below is illustrative of what can happen. It doesn't require a campaign to deal with drivers/owners who deliberately misrepresent the number plates on their vehicles. Any uniformed officer can report a driver/owner for the offence.

### *Drivers are warned or penalised for using illegal number plates*

In a three-Force month-long campaign 278 drivers were given a formal penalty for using a misrepresented number plate on their vehicle. Depending on the circumstances, they received a fixed penalty ticket, a vehicle defect rectification notice or a police warning.

Officers from the ANPR Intercept Teams (Automatic Number Plate Recognition) and Road Policing Units of Hertfordshire Constabulary, Bedfordshire Police and Cambridgeshire Constabulary joined forces for the campaign, called Operation Dragon, which ran throughout March.

Regional results were:

Bedfordshire 60 vehicles; Cambridgeshire 62 vehicles; Hertfordshire 156 vehicles.

Number plates that are difficult to read correctly are illegal and make it difficult to identify vehicles that are involved in crime, for example, tracing a stolen car or a vehicle used in a getaway after a robbery.

As part of Operation Dragon, ANPR officers looked out for motorists with number plates that:

- displayed adjusted fixings or bolts which alter spaces or obscure characters to appear as something else

**Hampshire Horsewatch Bulletin**  
(Incorporating Information From Around The Country)

**Date 19<sup>th</sup> May 2012**

- used any font that is not the standard DVLA approved Charles Wright font
- used offensive wording
- were not easily readable or recognised by the naked eye.

Number plates should correctly be made from a reflective material. Front number plates must display black characters on a white background and rear number plate must display black characters on a yellow background.

Further information on how a number plate should be correctly displayed can be found on the DVLA website: [www.direct.gov.uk/en/Motoring/PersonalisedRegAndNumberPlates/DG\\_181503](http://www.direct.gov.uk/en/Motoring/PersonalisedRegAndNumberPlates/DG_181503)

ANPR Manager in the joint Beds & Herts Road Policing Unit, Inspector Andy Piper, said: "ANPR teams across Hertfordshire, Bedfordshire and Cambridgeshire work hard to keep their counties safe and tackle criminals coming into these areas to commit crime.

Addressing misrepresented registrations is a very important part of this on-going work. The month long crack-down across the three counties, when we specifically targeted this particular offence, will be repeated in the summer but is something we look out for on a daily basis.

If you are displaying a number plate which is illegal, you will be pulled over and could face a fine of up to £1,000. I would therefore urge anyone using a misrepresented plate, or who is not aware of the permitted layout, to familiarise themselves with the correct format and change it as soon as possible."

**How does ANPR work?**

The devices are used by police around the UK to detect and remove from the roads serious criminals (including burglars, robbers, drug dealers and fraudsters) unsafe vehicles and unsafe drivers.

ANPR instantly highlights suspicious vehicles to officers so the vehicles can be stopped and the flagged issues investigated. The camera can read a number plate every second, and compares it against several local and national databases. It offers a more targeted approach than traditional methods, meaning fewer law-abiding motorists have their journeys interrupted and more criminals and unsafe vehicles are taken off the road.

**FOR YOUR INFORMATION**

Illegal encampments - Operation Quebec

With the Wickham horse fair being held this weekend it is likely that there will be an influx of travellers into the Hampshire area. Please can all landowners take precautions to ensure that your land is secure to prevent travellers from setting up camp. Please check your gates, barriers and locks are in good order. This may prevent access being gained but can also assist the Police to investigate and use powers to prove if locks or gates etc. have been damaged to gain entry.

Please be vigilant for suspicious vehicles as these may be 'scouting vehicles' looking for likely locations to set up an encampment.

Please report any suspicious activity using the 101 number. Take action sooner rather than later because prevention is always better than cure.

-----  
**Theft of trailers**

Over the last few weeks there have been several horse trailers and a livestock trailer stolen in the North Hampshire area. If you own a trailer please make sure you secure it with a hitch lock, keep them in a secure location away from public view. Record serial/chassis numbers, and paint your postcode in large letters on the roof and on the bottom making it less desirable to the criminal and assist with the identification of your property should it be stolen.

**FOR YOUR INFORMATION**

**For dog owners who live on the Surrey border area** - If you have a dog and live near to the Surrey border and are likely to visit the Surrey area to walk your dog, please be aware of the following warning from Surrey Police:-

Two dogs have died after they were believed to have eaten rat poison at Heathlake near Crowthorne on Friday 20 April. Pet owners have been warned to keep dogs on a lead when walking at Heathlake, while Surrey police and council staff investigate the deaths. It is understood several other dogs have also been taken ill after visiting the beauty spot. Tests carried out by the vets indicated rat poison was the cause. Indeed, subsequently four empty packets of rat poison were found around the site.

Colleagues

We have completed the first round of quadrant meetings. Thank you to all those who took the trouble to attend. The feedback received from those present has been extremely positive and the mapping project and security products offered have generated lots of interest. It has been decided that we will hold two meetings per quadrant per year. These will be scheduled for April and September. I will circulate the September dates shortly once venues have been identified.

The Theft From Motor Vehicle section below details numerous thefts of catalytic converters from vehicles. The majority of them were parked in busy public car parks during day light hours. This includes supermarkets and activity centres. Please remain vigilant to any activity around vehicles in car

**Scotland Horsewatch - Newsletter**

**Greetings!**

The new Horsewatch Scotland website is now up and running. We hope you find it interesting! We now have a page dedicated to 'Large Animal Rescue' and their horse 'Lucky'. Many of you will have seen him in action at our launch at Gleneagles, but if not visit us at: <http://www.horsewatchscotland.info/safety/large-animal-rescue/> to see the type of training situations Lucky is used in.

**Loaning your horse**

Horses and ponies stolen whilst on loan is one of the biggest issues Horsewatch groups deal with. Loaning your horse can be an ideal solution for both parties, but it is vital that you take all the necessary precautions to ensure your horse will be in good hands.

Have an official agreement drawn up by a Solicitor. Take time to check the details of the loanee; how long they have been at their address, their work, and where they will be keeping your horse...talk to friends and neighbours. There are people out there who deliberately scour the newspapers and adverts looking for horses being offered for loan. They will be nice, friendly and seem very genuine and caring, but their intention is to sell your horse as soon as your back is turned.

Not having an official signed agreement can make 'proving' ownership and other details very difficult. For more advice and information please visit [www.horsewatchscotland.info](http://www.horsewatchscotland.info)

**Forelock cutting**

There has been a spate of horse's forelocks being cut off. Mainly in the Lothian and Borders area, but we are also aware of a case in Tayside. The horses are unharmed, but obviously this is very distressing for owners and disappointing for people showing their horses. If this has happened to your horse or pony, or if you have any information on the cutting itself, please get in touch with us. Contact us: [fiona.stuart@horsewatchscotland.info](mailto:fiona.stuart@horsewatchscotland.info) - 07774 654287

**Tack marking - training Lothian and Borders Police**

Horsewatch Scotland was recently asked down to Kelso to teach members of the Borders Police how to tack mark. We were invited to undertake tack marking at a local livery yard and it didn't take long for the officers to get into the swing of it! They have now been supplied with all the stamps and equipment and are raring to go!! If you live in the Eastern Borders area and would like to have your saddles security marked, please get in touch with:

Nick Walker - PC 5947

Community Beat Officer - Lothian and Borders Police -Coldstream Police Station

Tel: 01890 or Email: [nicholas.walker@lbp.pnn.police.uk](mailto:nicholas.walker@lbp.pnn.police.uk)

Please note, at present they are only able to offer this service in Berwickshire and environs; that is the areas covered by Duns, Coldstream, Kelso, Eyemouth and Lauder police stations.

Horsewatch Scotland has also been in touch with other divisions of Lothian and Borders, and we hope for tack marking to become available from the Police in these other areas soon.
