The below has been received from Suffolk Horsewatch. Although the crime prevention message is for Suffolk readers the advice is equally applicable to anyone, anywhere.....

Competitors are being warned to be on their guard at equestrian events following thefts from horse lorries at two separate equestrian venues last weekend (15 – 16 March 2014). Cash was stolen from the unlocked and unattended vehicles.

Suffolk Police urges competitors at horse shows to use common sense and ensure they are not easy targets.

It is easy to assume that you're with like-minded people and drop your guard, but that's when you're vulnerable and thieves take advantage.

- Don't leave your saddle resting against the horse box or the bridle hanging off the wing mirror – when unattended lock your tack away.
- Don't leave your handbag, mobile phone or wallet lying on the front seat of an unlocked vehicle.
- Remain vigilant and if you see anyone lurking around the lorry park that seems suspicious or out of place, immediately contact the police or a show steward.
- If possible leave someone guarding the trailer/horsebox . Remember that this does not mean you can leave property insecure....whilst distracted the "guard" may not see the sneak thief removing property!!

The following has been received from Sussex Horsewatch. One its members passed these extra tips on crime prevention.....

I have fitted:

Bolts on inside of ramp.
Door from living to horse area-locks on inside of living
Outside door into lorry I have now had fitted a press code lock-much safer.
Also blinds are drawn so no one can see into living.

Sounds a bit of a pain -but you just get used to doing the security checks.

All tack is secure in lorry-not outside lockers.

Missing/Theft of a Colt - Argyll, near Dunoon but Closer to Strachur

Sunflower is an 8 month old colt. He went missing on Monday 28th October night or Tuesday 29th morning leaving his companion in the field. A gate secured with strong wire has been opened to the field, the wire is gone but the gate was left flat on the ground.

Sunflower is a skewbald cob with feathers and a big mane, about 13 to 13.2 hands, is quiet friendly and well handled but could easily get a fright or get scared. His microchip number is 958000002472597.

It is not clear if the colt has gone off by himself or if he has been taken.

Theft of Pony - Private Field, Potton, Near Sandy

Crime Ref: JD/32314/2013.

Tuesday 10th September, between 8:00 & 7:00 p.m

The offender has damaged a section of fence to access the field, where a number of Shetland Ponies are kept. One pony has been taken - An elderly Black Shetland Pony - 35 years old. Has a greying face, with a scar on its neck. Freeze-marked with number 4 9 0 E on its side. The rug that the pony was wearing has been removed and left at the location. The remaining ponies have been left unharmed.

Crime Prevention Advice:-

- Be aware of any suspicious vehicles and people in yards and around horses.
- Keep valuables secure. Avoid leaving tack or equipment yards where they can be seen from the road.
- Property mark all valuable. Use a visible marking for machinery and equipment, such as

GOOD NEWS STORIES

Joby HUGHES, 18yrs, from Totton pleaded guilty in court on the 15th January 2014 for an offence of theft after he was arrested in October 2013 with two other males for the theft of ferrets in the Chilbolton area. He was fined £300, ordered to pay costs of £400 and a £30 victim surcharge. The case against the other two males was discontinued when HUGHES pleaded guilty to the offence.

Two males have been arrested for the theft of diesel from a number of lorries in the Bishops Waltham area which occurred earlier this month. Both males are currently on police bail pending further enquiries.

FOR YOUR INFORMATION

Summary of reported rural crime in north and east Hampshire

Hampshire Horsewatch Bulletin
(Incorporating Information From Around The Country)

Date 13th March 2014

Reported burglaries to non dwellings have been fewer over the last week, There were three burglaries to outbuildings in the Greatham area, bicycles and fishing equipment were stolen. Two reports of barns being broken into in Upton (Andover) and Pamber End, in both incidents, entry was gained to the barns, machinery moved around but nothing was stolen. In Church Crookham two garages were broken into, nothing was stolen from one, from the other a blue and silver Sherco 290 trials bike and a jet washer were stolen. In Bishops Green a shed was broken into, nothing was stolen but a vehicle at the same location was also broken into and had a jacket and mobile phone charger stolen from it. In the Itchen Abbas area a workshop on an isolated rural property was broken into and a blue Ford Focus HV55YNJ was stolen, along with an Autel diagnostics kit, a Halfords jump pack and a Redsport weld puller. Other items stolen in other non dwelling burglaries included garden tools and petrol driven power tools.

Rural burglaries to dwellings include a property in Bishops Waltham where jewellery was stolen, Farley Chamberlayne, where an Ipad and mobile phone was stolen and in Oakley there was an attempted burglary, no entry was gained to the property.

Rural theft this week has also been reduced to previous weeks. In Weston (Petersfield) heating oil was stolen from a storage tank on a rural premises. A bag of horse feed was stolen from a stable in Curbridge, a gas cylinder and generator was stolen from a caravan in a locked compound in Sherfield on Loddon. In Bramley, an aerial was stolen from a caravan stored on a farm, and in Bighton a quantity of York stone has been reported stolen. A golf club in the Shedfield area has had a flag post stolen, greens and other posts damaged by unknown offenders.

The usual reports have been received of handbags and valuables being stolen from vehicles in the areas of Butser Hill and Exton. In Eversley a cement mixer was broken into, the cab was searched but nothing was stolen. Catalytic convertors have been reported stolen from a vehicle in Crux Easton and in Stoke (Andover). At the latter location the offender tied a rope between the vehicle and the door of the house, thus preventing any likelihood of the owner coming out of the property to disturb the offender. In the Crondall area, it was reported that a Ford Fiesta had fuel stolen from it after an unknown offender drilled the fuel tank. Both these last two incidents are unusual in their modus operandi.

There has been a report that fencing along the Harrow Way at Dean has been damaged.

In Waltham Chase there has been a report of arson, where unknown offenders have set fire to a pile of rubbish and a horse box, on separate occasions at the same stable yard.

A disturbing report has been received from horse riders in the Bucks Horn Oak area. Whilst riding on a road in the area they were approached by a small light coloured vehicle, which slowed down as it approached the horses, as it got along side the horses an occupant in the vehicle threw a banger out of the window. Luckily, on this occasion, no one was injured. This was a mindless act that could have ended in tragedy.

With all the wet weather we have been experiencing, we have been receiving a higher level of calls regarding livestock, particularly horses, getting out of their fields and onto the road. Please ensure you regularly check your fencing to ensure it is secure and not becoming loose in the sodden ground.

When Police get called to incidents of horses loose on the road, they are usually faced with panicking terrified horses, that are at risk of being seriously injured or killed, or causing an accident or damaging property. These incidents are resource intensive, needing a lot of officers, who may not be used to handling horses, let alone frightened horses, to try to contain the animals. Once they have contained the animals they then have the problem of trying to find where they have come from, and if this cannot be ascertained, finding somewhere to put the horses where they will be safe. The Police do not have facilities to keep horses when we cannot trace where they have come from or who they belong to, we usually have to rely on the good will of someone with a field, or, as has happened in the past, someone who is willing to keep the horses in their garden until the owners can be located. When this happens, we usually find that the owner reports their horse stolen when they next visit it, because it is not where it should be.

To try to alleviate this problem, Hampshire Horse Watch are collating details of where horses are kept and the owners contact details, so that the control room can contact them to assist with returning their horses to where they should be, and to repair any fencing to prevent the horses escaping again.

GOOD NEWS STORIES

- Three men have been reported for Summons for peddling without a license in the Basingstoke and Basingstoke rural area after trying to sell goods door to door without the correct paperwork.
- A male has been warned for not providing the appropriate paperwork regarding a 'cooling off' period to carry out work in the Whitchurch area. This came to light when Officers saw a man from the back of Whitchurch Police Station stood on a neighbouring house roof, power washing it with no safety equipment! Suspicion led to them attending the address and getting further information.

FOR YOUR INFORMATION

Summary of reported rural crime in north and east Hampshire

- There has been a series of non dwelling burglaries to sheds in the Ecchinswell area in recent weeks. Garden tools and bikes have been taken from garages and sheds, with other sheds being entered but nothing taken. There has been a theft from motor vehicle in the same area with cosmetics and clothes stolen and also a set of gate lanterns unscrewed and stolen.
- A selection of Stihl tools were stolen from a workshop at a golf club in Winchester and an unlocked shed had chainsaws taken from the Shawford area. A shipping container on a farm in Petersfield was broken into, with various items stolen including power tools, copper, lead and timber and in Over Wallop, a rural vehicle maintenance workshop was broken into, with numerous power and hand tools taken. A quad bike was stolen from farm buildings in Ludgershall and there was also a bag of lead taken from a scrap yard in Appleshaw.
- In Warnford, a rural company that repairs garden machinery was broken into, but an alarm sounded which is believed to have scared the offenders away and nothing was taken.
- Around £150 of diesel was taken from four different horse lorries at a livery yard in Eversley, oil thefts have been reduced, however there was almost a full tank stolen from an address in Alresford between 21st-22nd February.
- A dark blue twin axle RICE horse box was stolen from Petersfield and a green RICE double horsebox was taken from Tangle. In Headley over £30,000 of cabling was taken from a pumping station.

Hampshire Horsewatch Bulletin
(Incorporating Information From Around The Country)

Date 13th March 2014

- Thefts from motor vehicles have seen a rise this week, with a jacket and wallet taken from a van in Overton, a laptop from Kingsclere and cash from Church Lane, Exton. A handbag was taken from a car at Farley Mount, Winchester and in Buriton a briefcase was taken from a back seat. This is a good reminder to make sure that all valuables are hidden out of sight when your vehicle is parked, particularly in rural locations.
- In Micheldever a vehicle was broken into, moved and then it had its wheels, bonnet and light clusters removed and in Hartley Witney, a Red and Green Clancy Docwra JCB3X was stolen from a building site and enquiries are ongoing into this.
- Other incidents of note, a young black dog was found dead in Owslebury and details passed to the RSPCA. Items had been moved around at a stable yard in Petersfield although nothing was taken and there have been further reports of rogue traders targeting the elderly in rural locations.
- There has also been a report of fly-tipping in South Warnborough, but again these incidents are reducing.

Every so often we get reports of horse owners discovering a plait put in their horses mane or tail, this can be quite distressing as there are lots of stories regarding the horse being marked to steal. Although horse theft sadly does take place, it is rare in Hampshire and each of these incidents is unique. Most of the time, the plait is made from horses 'necking' or rubbing themselves against a tree or post, however there are occasions when person made plaits are discovered. It is important that these incidents are reported to Police and even more important that photographs are taken as normally an Officer can distinguish what sort of plait it is, so before brushing them out, please photograph it and contact - equine@hampshire.pnn.police.uk .

Dogwatch 984. Suspicious Vehicles. Success in Fight against Rural Crime.

1. Suspicious Vehicles

Two vehicles have been spotted recently in suspicious circumstances:-

A black Mitsubishi Warrior L200 was seen driving into Bill Hill Park, Twyford asking if they had a land rover/horsebox for sale. The man driving the vehicle seemed suspicious to the person making the report, and has been seen before in the Didcot area. This vehicle was also seen acting suspiciously in the Hambleden area back in December. The police were informed, URN 877 27/02/14. The vehicle registration number is RA06T**

On the 28th February, a van was driving around White Horse Lane, Finchampstead asking to

put a horse in the local yards. They have lots of stock, tools, machinery and vehicles and felt the occupants were looking around more than usual. Index RV53 S** white transit. 2 white males in the vehicle

2. Success in Fight Against Rural Crime

Two High Wycombe men have been sentenced a total of 40 months imprisonment after pleading guilty to a number of thefts and burglaries in Wycombe.

Paul Horwood, age 33, from Oldhouse Close, and Jed Shurety, aged 44, from Inkerman Hill, each pleaded guilty at Oxford Crown Court on Tuesday (25/2), to one count of handling stolen goods; one count of burglary non-dwelling; and five counts of theft. Horwood was sentenced to 22 months imprisonment, and Shurety was sentenced to 18 months.

The charge of handling stolen goods relates to a mini digger stolen in Studley Green on 15 August 2013. The burglary non-dwellings relate to an offence on 25 July 2013 in EJ Churchill Shooting ground.

Det Insp Robin Hughes, from Local CID at High Wycombe police station, said: "The two defendants conspired together to target properties in isolated rural areas which resulted in a lengthy investigation to catch them.

"Bringing Horwood and Shurety to justice will have a major impact on reducing rural plant theft across Buckinghamshire."

Dogwatch No. 985

1. Suspicious Vehicle

A black Mitsubishi L200 has been seen in the Eversley Road, Arborfield, being used to sell cut price chainsaws from. The driver is described as being a short male of average build with an Irish accent.

2. Suspected Hare Coursing

Police are looking for information regarding a white Subaru Legacy VRN P914*** that was involved in suspected hare coursing activity in and around West Berkshire recently. URN 644 of 23 Feb refers.

3. Police Action Days

Thames Valley Police are running more action days to combat rural crime across the Wycombe Local Police Area in March. As part of these days officers will be able to visit your farm or rural business and visibly mark your property with a CREMARK pen or by way of etching. CREMARK is a paint pen which is then sealed with lacquer which provides an overt visible deterrent to thieves. This is a free service. The action days will be held on :-

4. Equestrian Security Evening

Thames Valley Police and Hurst Riding Club will be hosting an equestrian security evening on 9th April at the Binfield Club, Forest Road, Binfield, Berks, RG42 4DU. The event will run from 1830-2100hrs.

There will be a number of stalls at the event as well as representatives from the NFU, DataTag, Poacher Catcher and the Thames Valley Police alert system.

For further details, contact PCSO C9967 Suzie Carr on 101.

Dogwatch No. 986

1. Attempted Dog Theft?

At around 10am on 11th March a dark blue 'N' Registration Jeep Cherokee drove up to a property in Moor End Common. A child aged about 13 years old jumped out and started to persuade the owner of the property's two dogs to get into the car. When approached, the child ran back to the car which drove off at speed.

2. Suspicious Vehicle

At around 9am on 11th March, a dark blue Jeep Cherokee drove up to the gates of a property in Fawley. It then reversed back so that the occupants could have a good look into the sheds at the property. The vehicle then drove off to a neighbouring property where the occupants stole a generator before driving off at speed. There were 4 people inside the vehicle. The driver had fair/mouse coloured hair - shortish, floppy fringe and wearing a brown/sand camouflage jacket other occupants around same age with short dark hair. Could this incident be linked to the attempted dog theft later in the morning?

Crime Trends:

We are continuing to have reports of sheds/outbuildings being broken into, both in rural/non-rural areas.

Some points to remember :-

Christmas has come and gone, and your sheds have been restocked with new gardening equipment or bicycles. Please don't make your new products a target for burglars! Try these handy tips to help keep your shed secure:

Shed Alarms

Using shed alarms are a brilliant deterrent for stopping burglars. Some of the best shed alarms work with contact sensors that detect when the circuit is broken. There are also padlock alarms with an alarm as an integral part to the padlock.

Censored Security Lights

As long as you are vigilant in checking your security lights then sensor lights are a really useful tool. Try to set them to trigger when movement is detected and if you keep the timings short it's the best way of identifying whether something has passed through your garden or is still present in the area.

Register your property on Immobilise

Immobilise is an online property register database which allows you to register anything from mobile phones, laptops, bikes, lawn equipment, cameras, sat navs; anything with a serial number. It's quick to register, easy to use and most importantly it's checked by police forces across the UK when property is recovered. To register simply go to www.immobilise.com. and follow the instructions.

Combating Rural Crime

1. Suspicious Vehicle

Hampshire Horsewatch Bulletin

(Incorporating Information From Around The Country)

Date 13th March 2014

A white van, VRN similar to KV60W## with two men in it, was seen acting suspiciously in Fawley, Henley-on-Thames this morning. They were seen in Ice House Lane and then again in Benhams Lane scouting out various properties.

2. Suspicious Activity

The police have received a report of someone who went to see to their horse in the morning and found a number of red and white plaits attached to the hedge. The caller is concerned that this is linked to marking an area for indication of theft.

Many police forces throughout the UK receive similar reports and all kinds of theories have been put forward but there is no known or reported case of any horse/pony being stolen that has had a plait put in its mane/tail/or surrounding area. That said, please contact the police if you see anyone acting suspiciously in the vicinity of your horses or if you see a suspicious vehicle (try and get the registration number and vehicle type) and ring the police on 101.

3. Operation Ranger

During the week of 24th to 29th March, Wycombe Police rural teams will be running Operation Ranger. This is a Force wide operation of 100 days of action specifically for crime prevention, detection, public engagement and hi-visibility patrols in rural communities. A number of events will be held during this week across the area to support this operation.

Tack and saddle marking is available on Monday 24th and Saturday 29th March.

Have Your Say and Property marking events will be held as follows

Monday 24th March 2.00 – 4.00pm

Chiltern Yard, Hammersley Lane, Penn HP10 8HF

Have Your Say - Property and tack marking

Tuesday 25th March 11.00 – 12.30pm

Sussex Farm Watch

Bulletin County Update - 27th February

Sussex Farm Watch Co-ordinator's Message

Welcome to our 7th Issue, oil thefts around most of the county seem to be less this week but in Rother District there has been a rapid increase. There has also been several more Royal Mail Post Boxes stolen, in all instances this has occurred in remote areas. If you live in a remote area and have a post box built into a wall or bolted to a post, please keep an eye on it as don't forget, valuable mail could be in it.

Kind Regards,
Phillip

News, Advice and Appeals

Metal theft – It is thought post boxes being stolen could be linked to their scrap metal value. Sussex Police strongly recommend that you review the security of your property to protect against metal theft. Please consider the crime prevention advice found [here](#) to protect your property against metal theft. Some of the security measures are low-cost options, while others involve using more high-tech solutions at a greater expense. Some security measures will be more appropriate than others for your property.

Horse Trailer - How Secure Is Yours?

Horse trailers continue to be targeted around the country and sadly we've had some stolen in Wiltshire in the past month or so; in particular Ifor Williams trailers. Are you doing all you can to protect your property? Security tips can be found on the Wiltshire Horsewatch website

<http://www.wiltshirehorsewatch.co.uk>

If your trailer is stolen please report it to the police and obtain a crime reference number.

Additionally, Ifor Williams Trailers Ltd (<http://www.iwt.co.uk/customer-care/faq-categories/trailer-security/1791>) operates a trailer registration database; by informing them that your trailer has been stolen, they will register it as stolen and inform TER, The National Plant and Equipment Register which can assist in identifying owners of recovered stolen trailers.

Reported Incidents:

If you have any information regarding these or any other crimes, contact Wiltshire Police on 101 or if you would prefer to pass on information anonymously, call Crime Stoppers on 0800 555 111.

Suffolk Horsewatch – 11th March 2014

Thefts - Holywell Row (IP28)

Police are linking a number of crimes committed between 7th March and 10th March in the Holywell Row (IP28) area. Electric fence energisers, batteries and gardening equipment have been taken. Overnight on 6/7th March a lock and chain was removed from a field gate in the same area. It is not known if it was an attempted theft of a horse, but it was found running loose by a member of the public.

Electric fencing and energising units are naturally vulnerable to theft due to the remote location they are frequently used.

- If you are not using the unit and fencing for sometime, e.g over the winter months, remove it all and store in a secure place. At very least you should mark your energiser unit with your postcode by either engraving or using an indelible marker pen or paint.
- It is possible to purchase a specialist box, which may be locked and electrified. To deter vandals and opportunistic thieves, the box can be connected to the energiser, making the energiser box itself live. Access to the box is gained using an insulated key, so you don't have to give yourself a shock every time you wish to open it.

Protect Your Horse

- Make sure you have a good selection of summer and winter photographs from all angles and a correctly completed passport drawing. You should also ensure your horse can be positively identified by anyone. Even if he only escapes from the field there must be way to trace him back to you.
- **Freeze** branding is a visible mark that allows easy identification and can quickly be linked to the registered owner, usually by phone. It is a lifetime identifier that is supported by a registration pack, transferable to subsequent owners. A freeze brand can also be read from a distance, even if the horse cannot be caught. There is an excellent record of recovery for freeze branded equines, unmarked they are sometimes never found.
- **Microchips** contain a unique number but they rely on the correct scanner being available to read the chip. This registration number then has to be checked on a database before an owner can be traced. Unfortunately they are not a visible deterrent against theft.
- **Hoof branding** usually involves a home postcode but has to be regularly repeated by your farrier. It can also be difficult to read from a distance or if hooves are muddy.
